

2012:

Our efforts to change to The Beyond Centers & Circle Time© (BCCT) Curriculum has had extremely positive results in our school in Aceh. The teachers have grown in confidence and are extremely enthusiastic resulting in the children having access to high quality education.

We are pleased to announce that the school has become one of the best in the borough and received an award from the local government.

And there is more good news! We are also extremely excited to announce that like Serpong, Aceh is now able to be self-sufficient. As the school now has a good reputation and has expanded, wealthier families have started to enroll their children. As hoped, the fee-paying children are allowed to enter and this will subsidize those who cannot afford any fees. This way, realistic local salaries can be paid to keep good staff and reward hard work and loyalty. Consequently, the donations can now focus on the building and structures of the school premises along with further expansion.

In Serpong we have intentionally not planned to change the teaching system, which still proves to be effective.

Continuing in Serpong, we have started to build a large solid wall around the school in order to keep the playground safe and free from external distractions; again, due to lack of funds we have not been able to complete the construction all the way round.

We are also very proud to announce, this year our school won an award from the local government as one of the cleanest school in the borough!

It is the second year that our Serpong 'SD' klas 6 level (year 6 / last year of primary school) students have taken the entry exam and we are pleased to say that we have achieved another 100 percent pass rate for all 37 students, proving that the funds spent on the laboratory and library to be extremely beneficial.

We would also like to give a special thank you to our talented volunteers Anne and Joshua who devoted their time to visit Serpong and teach English and music. This greatly motivated our students who were able to learn a lot whilst having fun.

All the great news that we are able to give you has come from your support and generous donations throughout the years. Thank you for your kindness.
